1. INTRODUCTION

This Annual Report on the working of the University is prepared by the Executive Council for presentation to the General Council in pursuance of the requirement under Section 12 (2) (iii) (a) of the National Law University and Judicial Academy, Assam Act, 2009.

The period covered is the calendar year from **01 January 2021 to December 31, 2021**.

Academics Under Extraordinary Circumstances

A. Background

The cataclysmic outbreak of Covid-19 across the globe, and the concomitant closure of Universities since March 15, 2020 has interposed some challenges to the smooth conduct of academic life. Notwithstanding the constraints spurted by the exigent circumstances, the University has persevered to stay the course.

B. Academic Activities

No sooner had the University shut down, in abidance with government orders on the matter, than the University had directed all faculty members to deliver instructional guidelines and study materials to the students through email. Further, faculty members were directed to share power-point presentations on course modules with concerned students to supplement remote learning. To keep a tab on the teacher-student interactions, the instructional materials were to be e-mailed to the University's Examination Section for onward transmission to the intended recipients.

Furthermore, to optimize digital interface between the teacher and the taught, the University has registered itself with Google Classroom, an online platform recommended by the UGC. The instant platform has been actively explored by teachers to conduct classes, interact with their students and share study material on modules thus delivered. In this regard, it may be mentioned that some faculty members have optimally explored social media platform such as YouTube to record and upload their lectures on important course modules.

The Even Semester of Academic Year 2020-2021 and the Odd & Even Semester of Academic Year 2021-2022 have been/were conducted successfully in the blended mode and examinations were held in the online mode in accordance with BCI and UGC guidelines on the same.

To fill this gap, CELAR, on October 30th, 2021 called for book chapters that highlight some of the existing and emerging challenges pertaining to the enviro-legal aspects of the management and sustainable utilization of its natural and biological resources. Submissions were invited from jurists, academicians, law practitioners, research scholars and students. Under the aegis of the Centre Coordinator, **Dr. Chiradeep Basak**, the Lex Terra Editorial Board organised an orientation for the peer review board of Lex Terra. The primary outcomes of the meeting were:

The Centre also adopted a quantitative approach to the review of manuscripts by articulating a crisp 'marking mechanism' to raise the benchmark of enviro-legal publications and help reviewers to formulate a uniform system of scholastic assessment of research papers for Lex Terra. This measure is the first of its kind peer review methodology in this Law School. A '*good practice*' that other research outfits of the University may opt to follow.

Lastly, a 'Feedback Form' was devised by the Editorial Board of Lex Terra. The form enumerated parameters such as '*Use of Language*', '*Style and Structure*', '*Referencing and Research*' and '*Relevance and Contribution to Analysis*' to assess the quality of a manuscript. This form was sent along with the manuscripts that reviewers needed to scrutinize.
